Dear Bob Mattila,

It is our pleasure to provide a referral for the services that your company supplied to the Royal Canadian Legion Branch 94 Cariboo Quesnel.

After a defective pipe blew and filled our ceiling with water, we were at the least in an emergency situation unfamiliar to us and lost for direction.

Searching the yellow pages lead us to Contracting BC Restorations and in a very short period of time our call was not only returned, Bob was on site with answers and suggestions.

The organization of the company to immediately orchestrate the equipment and staff on site to carry out the clean up and dry up was impressive.

This is their business and they are very good at it. We are, and will always be grateful for your quick response, assistance and direction during a very difficult time.

Respectfully,

Chris Miller
Manager
Royal Canadian Legion
